**FOR IMMEDIATE RELEASE**

**Vyve Broadband Names Kasey Russell Guymon Teacher of the Month for January**

*Community's Outstanding Teacher Chosen by Guymon Voters*

**Guymon, OK** (Feb. 5, 2018) — Vyve Broadband is thrilled to announce Kasey Russell, second grade teacher at Salyer Elementary School as the January Teacher of the Month in their annual program honoring outstanding teachers in the community.

The Vyve Teacher of the Month program recognizes teachers who have proven to be champions of the classroom and stewards of their community through their teaching, mentorship and leadership. Russell was chosen by Guymon residents through an online voting process.

"We are honored to recognize exceptional teachers in every community we operate and celebrate the educators that go above and beyond to support their students," says Diane Quennoz, Vyve SVP, Marketing and Customer Experience. "Teachers are often celebrating their students' achievements in the classroom, but we feel it's important to turn the tables and honor them for going the extra mile to help their students succeed inside and outside of the classroom. We want our teachers to know that we appreciate everything they do for our students."

Vyve will continue the program through the end of the school year, inviting the community to visit [www.vyvebroadband.com/teacher](http://www.vyvebroadband.com/teacher) or [www.facebook.com/vyvebroadband](http://www.facebook.com/vyvebroadband) to vote for who should be the teacher of the month. Teachers from any public school in Guymon are eligible, Pre-K through High School. They will receive a Vyve Golden Apple trophy and entered to win an iPad for their classroom.

**About Vyve Broadband LLC**

Vyve Broadband is an innovative company, founded in 2012 serving largely non-urban communities in eight states, including Oklahoma, Texas, Arkansas, Kansas, Louisiana, Tennessee, Georgia, and Wyoming. A technology leader in the cable and broadband sectors, Vyve Broadband offers an extensive range of broadband, fiber connectivity, cable television and voice services for commercial and residential customers. Vyve was formed as a platform to provide the very best next-generation services and features available, combined with a sector-leading customer experience. Residential services include high-speed Internet with speeds up to 1GB, all-digital, high-definition video and fully featured digital voice. Vyve Business Services provides optical Ethernet, PRI and hosted voice services to the business community.
