FOR IMMEDIATE RELEASE

**Vyve Broadband Names Valerie Couch Mena
Teacher of the Month for March**

Mena Voters Honor Community's Outstanding Teacher

Mena, AR (April 5, 2019) — Vyve Broadband is excited to announce Valerie Couch, Band and Choir teacher at Acorn High School as the Mena March Teacher of the Month. The monthly program honors outstanding teachers in the communities Vyve serves.

The Vyve Teacher of the Month program recognizes teachers who have gone above expectations to create an exceptional learning environment for their students. Their mentorship and leadership are felt throughout their communities and are essential in the success of each student that comes through their classroom. Couch was chosen by Mena residents through an online voting process.

"We are honored to recognize exceptional teachers and celebrate the educators that go above and beyond to support their students," says Diane Quennoz, Vyve SVP, Marketing and Customer Experience. "It's important to honor them for going the extra mile to help their students succeed inside and outside of the classroom. We want our teachers to know that we appreciate everything they do."

Vyve will continue the Teacher of the Month program through the end of the school year and invites the community to visit www.vyvebroadband.com/teacher or www.facebook.com/vyvebroadband to vote for who should be the next teacher of the month. Teachers from any public school in Mena are eligible, Pre-K through High School. They will receive a Vyve Golden Apple trophy and entered to win an iPad for their classroom.

About Vyve Broadband LLC

Vyve Broadband is an innovative company, founded in 2012 serving largely non-urban communities in eight states, including Oklahoma, Texas, Arkansas, Kansas, Louisiana, Tennessee, Georgia, and Wyoming. A technology leader in the cable and broadband sectors, Vyve Broadband offers an extensive range of broadband, fiber connectivity, cable television and voice services for commercial and residential customers. Vyve was formed as a platform to provide the very best next-generation services and features available, combined with a sector-leading customer experience. Residential services include high-speed Internet with speeds up to 1GB, all-digital, high-definition video and fully featured digital voice. Vyve Business Services provides optical Ethernet, PRI and hosted voice services to the business community.
