**FOR IMMEDIATE RELEASE**

## **McAlester Celebrates 2017 Friday Night Vyve Players of the Week**

*Vyve Broadband Salutes Eight Honorees From Five Area High Schools*

**McAlester, OK** (December 18, 2017) It was a great year of high school football in McAlester, and Vyve Broadband would like to salute all of this year's Friday Night Vyve Players of the Week winners for outstanding performances throughout the season.

The 2017 Friday Night Vyve Player of the Week Team consists of eight winners from five high schools including Canadian High School, Hartshorne High School, McAlester High School, Savana High School and Wilburton High School. The team featured five quarterbacks, two running backs and a linebacker, and was made up of five seniors and three sophomores.

McAlester sophomore quarterback Chris Hilton was named Friday Night Vyve Player of the Week two times – after Week 9 and Week 10.

“We are very proud to be a part of the McAlester community, and to have presented a Friday Night Vyve Player of the Week each week throughout the season,” said Diane Quennoz, Vyve SVP, Marketing and Customer Experience. “We’d like to thank the McAlester News-Capital for partnering with us, and most importantly, we want to again congratulate each of our Friday Night Vyve Players of the Week for 2017.”

### **About Vyve Broadband LLC**

Vyve Broadband, founded in 2012, is an innovative company serving largely non-urban communities in eight states, including Oklahoma, Texas, Arkansas, Kansas, Louisiana, Tennessee, Georgia and Wyoming. A technology leader in the cable and broadband sectors, Vyve Broadband offers an extensive range of broadband, fiber connectivity, cable television and voice services for commercial and residential customers. Vyve was formed as a platform to provide the very best next-generation services and features available along with a sector-leading customer experience. Residential services include high-speed Internet with speeds up to 1 Gig, all-digital, high-definition video and fully featured digital voice. Vyve Business Services include optical Ethernet, PRI and hosted voice services for the business community.
