FOR IMMEDIATE RELEASE

**Vyve Broadband Names Tricia Regan Atchison
Teacher of the Month for November**
Atchison Voters Honor Community's Outstanding Teacher

Atchison, KS (December 5, 2018) — Vyve Broadband is excited to announce Tricia Regan, Kindergarten teacher at Atchison Elementary School, as the Atchison November Teacher of the Month. The monthly program honors outstanding teachers in the communities Vyve serves.

The Vyve Teacher of the Month program recognizes teachers who have gone above expectations to create an exceptional learning environment for their students. Their mentorship and leadership are felt throughout their communities and are essential in the success of each student that comes through their classroom. Regan was chosen by Atchison residents through an online voting process.

"Vyve is honored to advocate for teachers and proud to be able to shine a light on their invaluable contributions to the lives of their students and their communities," says Diane Quennoz, Vyve SVP, Marketing and Customer Experience. "We want teachers in all communities to know that we appreciate their work and the support, love and time they give to their students. To every teacher in Atchison, thank you!"

Vyve will continue the Teacher of the Month program through the end of the school year and invites the community to visit www.vyvebroadband.com/teacher or www.facebook.com/vyvebroadband to vote for who should be the next teacher of the month. Teachers from any public school in Atchison are eligible, Pre-K through High School. They will receive a Vyve Golden Apple trophy and entered to win an iPad for their classroom.

About Vyve Broadband LLC

Vyve Broadband is an innovative company, founded in 2012 serving largely non-urban communities in eight states, including Oklahoma, Texas, Arkansas, Kansas, Louisiana, Tennessee, Georgia, and Wyoming. A technology leader in the cable and broadband sectors, Vyve Broadband offers an extensive range of broadband, fiber connectivity, cable television and voice services for commercial and residential customers. Vyve was formed as a platform to provide the very best next-generation services and features available, combined with a sector-leading customer experience. Residential services include high-speed Internet with speeds up to 1GB, all-digital, high-definition video and fully featured digital voice. Vyve Business Services provides optical Ethernet, PRI and hosted voice services to the business community.
