FOR IMMEDIATE RELEASE

Vyve Invites Ottawa Community for Food, Prizes, and FREE Instant Installs on the Fastest Internet in Ottawa

Local Internet provider to thank community for Reader's Choice win with 2-day Open House at local office

Ottawa, KS. (March 14, 2019) — To celebrate their recent 'Best of the Best Internet Service Provider' win, Vyve Broadband is inviting the community to their local office for food, raffle prizes, and free instant installs – their way of saying thanks to Ottawa for the recognition.

Ottawa neighbors will be able to enjoy some treats, meet Vyve's local team, test-drive 500Mbps Internet speeds, and experience the brand new, innovative Vyve® XSTREAM™ TV Voice Remote technology. No more scrolling, just use your voice and talk to your remote to change the channel or search for a show.

New customers will be able to enjoy a free instant install and the chance to win a Google Home. Existing customers are invited to bring a friend to the office too. As part of Vyve's referral program, customers can save \$10 on their monthly bill for six months if they help bring someone new on board.

"One of our core values is to engrain ourselves in the communities where we live and work, to be more than just a service provider," said Dave Harwood, General Manager for Vyve in the Kansas region. "We love living and working in Ottawa and this event is just another way for us to say 'thanks'. We hope you'll come on by and meet our local team!"
