FOR IMMEDIATE RELEASE

Vyve Broadband Names Paula Brumley Durant Teacher of the Month for September

Community's Outstanding Teacher Chosen by Durant Voters

Durant, OK (October 7, 2019) — Vyve Broadband is thrilled to announce Paula Brumley, Third Grade Teacher at Northwest Heights Elementary as the September Teacher of the Month in their annual program honoring outstanding teachers in the community.

The Vyve Teacher of the Month program is presented to teachers who have proven to be champions of the classroom and stewards of their community through their teaching, mentorship and leadership. Brumley was chosen by Durant residents through an online voting process.

"We are honored to recognize exceptional teachers in communities we operate and celebrate the educators that go above and beyond to support their students," says Diane Quennoz, Vyve SVP, Marketing and Customer Experience. "Teachers are often celebrating their students' achievements in the classroom, but we feel it's important to turn the tables and honor them for going the extra mile to help their students succeed inside and outside of the classroom. We want our teachers to know that we appreciate everything they do for our students."

Vyve will continue the program through the end of the school year, inviting the community to visit www.facebook.com/vyvebroadband to vote for who should be the teacher of the month. Teachers from any public school in Durant are eligible, Pre-K through High School. They will receive a Vyve Golden Apple trophy and be entered to win an iPad for their classroom.

About Vyve Broadband LLC

Vyve Broadband is an innovative company, founded in 2012 serving largely non-urban communities in eight states, including Oklahoma, Texas, Arkansas, Kansas, Louisiana, Tennessee, Georgia, and Wyoming. A technology leader in the cable and broadband sectors, Vyve Broadband offers an extensive range of broadband, fiber connectivity, cable television and voice services for commercial and residential customers. Vyve was formed as a platform to provide the very best next-generation services and features available, combined with a sector-leading customer experience. Residential services include high-speed Internet with speeds up to 1GB, all-digital, high-definition video and fully featured digital voice. Vyve Business Services provides optical Ethernet, PRI and hosted voice services to the business community.
